

HOUSTON HEALTHCARE

Financial Assistance/Collection Practices Policy

Principles/Guidelines

Houston Healthcare seeks to treat all patients equitably, with dignity, respect and compassion. To this end, and in understanding that not all patients are able to pay their hospital bills due to financial considerations including financial hardship due to medical misfortune, Houston Healthcare will assist those who cannot pay for all or part of their care by extending Financial Assistance to qualifying patients. Houston Healthcare will provide free care and discounted Financial Assistance in keeping with the Policy described below. In order for Houston Healthcare to apply this Policy fairly and consistently, patients and their families have a duty to provide appropriate and timely information that will help Houston Healthcare qualify them for the appropriate level or type of Financial Assistance given their specific circumstances.

As further described below, this Financial Assistance Policy:

- Includes eligibility criteria for Financial Assistance.
- Describes the basis for calculating amounts charged to patients eligible for Financial Assistance under this Policy.
- Limits the amount that Houston Healthcare will charge for emergency or other Medically Necessary care provided to individuals eligible for Financial Assistance to no more than the amount generally billed to insured patients by Houston Healthcare as defined in this Policy.
- Describes the method by which patients may apply for Financial Assistance.
- Describes the Houston Healthcare collection Policy.

Houston Healthcare remains committed to serving the emergency needs of all patients, regardless of ability to pay. Patients requiring urgent or emergent services shall not be denied those services based on their inability to pay. Houston Healthcare will provide a discount to all uninsured patients with no health insurance from either a private or public source, reducing the amount billed to the patient to the lesser of 225% of the current Medicare rate or billed charges. This charity discount is provided to patients at all income levels.
