

HOUSTON HEALTHCARE

COVID-19 Test Pricing

as of July 1, 2020

As a requirement of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) which was signed into law on March 27, 2020, entities which provide diagnostic tests for COVID-19 must publish the price on a public website. In order to provide the best and most efficient patient experience possible, Houston Healthcare constantly assesses the speed and quality of the laboratories who provide specimen processing for our samples. Because of this ongoing assessment, prices may change based on the costs incurred from various vendors. The current pricing for a COVID-19 diagnostic test is \$205.
