Certification:

Answer
Yes

1. Was your hospital allowed to retain 100% of the DSH payment it received for this DSH year?
Matching the federal share with an IGT/CPE is not a basis for answering this question "no". If your hospital was not allowed to retain 100% of its DSH payments, please explain what circumstances were present that prevented the hospital from retaining its payments.

Explanation for "No" answers:

Other protested item "New Hampshire Hospital Association vs. Azar" We protest the inclusion of Commercial and Medicare payments for dual eligibles towards the hospital's specific limit for Medicaid DSH and the payment calculation reduction of Uncompensated Care Cost

The following certification is to be completed by the hospital's CEO or CFO:

I understand that this information will be used to determine the Medicaid program's compliance with federal Disproportionate Share Hospital (DSH) eligibility and payments provisions. Detailed support exists for all amounts reported in the survey. These records will be retained for a period of not less than 5 years following the due date of the survey, and will be made available for inspection when requested.
